

Saint Paul Catholic School

All God's Children

What is it?

A group of parents who meet regularly to discuss issues pertaining to the struggles and joys of educating a child who needs special physical, emotional or cognitive consideration in the classroom.

Special Recognition

Currently Saint Paul Catholic School is the only Catholic School in the Diocese with a strong parent group tackling these issues. We continue to do so because we have watched how a Catholic education at Saint Paul's has enriched our children's lives and how it has enhanced family unity.
